JOURNAL OF
SRI SANKARADEVA NETHRALAYA
A SSN PUBLICATION

About SSN

Sri Sankaradeva Nethralaya was established in 1994 with a vision to extend state of the art affordable eye care, excellence in academics and community services. Accordingly, three institutions have been established namely SSN Main, Institute of Ophthalmology and Institute of Community Ophthalmology. Currently, SSN runs all ophthalmology super specialty clinics. SSN also extends DNB, BS Optometry, Vision Technician, super specialty fellowships and other educational & research programmes. ICO regularly extends services to the community in a structured manner which includes adoption of villages and door-step reach to unreachable activity. Medical and paramedical workshops, awareness and educational programmes are conducted regularly to empower the society. Contentious improvement is the policy of these three institutions which are under Sri Kanchi Sankara Health & Educational Foundation.

Eye Donation fortnight celebration with Maj. Gen. A. K. Jha G.O.C., 51, Sub - Area, Narengi, Guwahati

Dr Mehoni in a Workshop

Art competition arranged on Eye Donation Awareness programme

PG students of SSN

Optometry students of SSN

Our Strength: Consultants , Medical Officers...

Dr. B.M Agarwal

Dr. (Mrs.) D. Magdalene

Dr. D. Das

Dr. D. Deka

Dr. D. Chitnis

Dr. G. Kuri

Dr. G. Bharali

Dr. H. Bhattacharjee

Dr. (Mrs.) H. Deka

Dr. H. Talukdar

Dr. J. K. Das

Dr. J. Medhi

Dr. K. Das

Dr.(Mrs.) K. Bhattacharjee

Dr. (Mrs.) K. Gogoi

Dr. M. J. Barman

Dr. P. Sharma

Dr. R. Soibam

Dr. S. Sarma Barthakur

Dr. S. Tayab

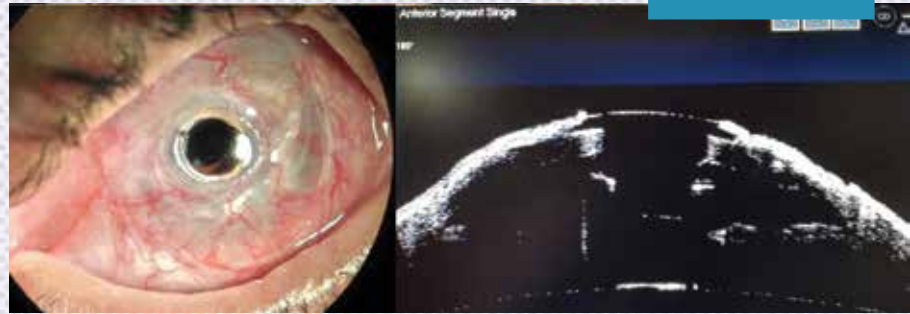

Dr. S. Hawaibam

Services Available

Modern equipment for
Cataract & Refractive
Surgery

Cornea Clinic :
Keratoprosthesis
Pre and Post op

State of the art
Vitreo Retinal
Surgery Facilities

Dry Eye Clinic :
Tear Film Function
Test

Custom Design
Ocular Prosthesis

Paediatric
Oncology

Lasik Clinic

Services available

Eleven surgical rooms for state-of-the-art surgery facility for Cataract, Retina, Vitreous diseases, Glaucoma, Oculoplasty and Ocular cancer.

State-of-the-art & Modern Anaesthesia Facility

Confocal Microscopy

Wet Lab Education

Heidelberg Retinal Angiography & OCT System

Fundus Fluorescein Angiography

Low Vision Aid Centre

Paediatric and Retinopathy of Prematurity Service

Neurovision Clinic

Biochemistry and Microbiology Clinic

Molecular Biology Laboratory

Pattern Laser for Various Retinal Diseases

Optical Coherent Tomography

Academics & Research

Short-term hands-on training programmes for Small Incision Cataract Surgery and Phacoemulsification

Award of scholarships funded by Oil India Limited and Luxmi Tea Company to 8 meritorious students of B.Sc. Optometry course

Dr Harsha Bhattacharjee

1. Conducted FRCS examination of Glasgow at Amman, Jordan as 'appointed examiners'

Dr Kasturi Bhattacharjee

1. Short term observership at John Hopkins Eye Institute, USA
2. WCO Annual Conference at Gaudalajara, Mexico
3. Conducted FRCS examination of Glasgow at Amman, Jordan as an 'appointed examiner'

Dr Jayanta Kr Das

1. American Academy of Ophthalmology International Conference at Japan
2. NUH International Conference, Singapore

Dr Dipankar Das

1. NUH Eye International Conference, Singapore

Dr Jnankar Medhi

1. WCO Annual Conference at Gaudalajara, Mexico

New Equipment Introduced

Centurion Phaco
Emulsification
System Alcon, USA

Constellation TT
Vitrectomy System
Alcon, USA

HRA-2 Spectrails
Angiography,
Heidelberg Engineering,
Germany

Valon 5G Pattern
Laser, Toshbro
Medicals

Academics & Research

Dr (Mrs) K Bhattacharjee received the "Sujatha Savithri Rao Award" for the Best scientific free paper on Orbit and Oculoplasty from AIOC 2014

Dr Diva K Misra presented his paper at the World Ophthalmology Conference 2016, Guadalajara, Mexico

Recipients of the APAO 2017 Achievement Awards, Singapore and speaker in the Orbital and Oculoplastics Symposium at APAO, 2017, Singapore.

ERDF excellence award 2015 to Dr Harsha Bhattacharjee
Founder Medical Director, SSN

Launching of Certificate Course in Evidence Based Management of Diabetic Retinopathy at Sri Sankaradeva Nethralaya

CCDD Training Programme

Academics & Research

Research Projects:

1. Barriers and enablers for the uptake of childhood cataract services – a survey conducted in collaboration with ORBIS. (Project completed)
2. Prevalence and causes of amblyopia in children aged 6 months to 16 years in Kamrup (Metro) District, under ICMR , Govt. of India. (Project completed)
3. Association between structural and refractive component of eye and diabetic retinopathy – under Srimanta Sankaradeva University of Health Sciences (ongoing project)
4. Correlation of biomedical parameters HBA1C and Lipid Profile and APO Lipoproteins in adult diabetic patients with diabetic retinopathy – under Srimanta Sankaradeva University of Health Sciences (ongoing project)
5. A multicenter, controlled, safety and efficacy study of Flucinolone Acetonide intravitreal insert in subjects with chronic, non-infectious uveitis affecting the posterior segment of the eye – in collaboration with Excel Life Sciences (ongoing project)
6. Spectrum of eye disease in diabetes mellitus (SPEED) – in collaboration with Diabetic Retinopathy & Retinopathy of prematurity, Indian Institute of Public Health, Hyderabad (ongoing project)
7. An open label clinical study to determine the specificity and sensitivity of algorithm (software) developed by Bosch using Bosch Mobile non-mydratic fundus camera comparing it with mydratic 7-Standard Field Stereoscopic Digital Colour Fundus Photography (ETDRS) done in patients with undiagnosed diabetic retinopathy (symptomatic/asymptomatic) (ongoing project)
8. Influence of media opacity due to congenital/developmental cataract on the axial length of eye – under Srimanta Sankaradeva University of Health Sciences. (newly approved Projects)
9. Analysis of tear film parameters and conjunctival morphology before and after upper eye lid blepharoplasty under Srimanta Sankaradeva University of Health Sciences (newly approved Projects)
10. To study the effect of genetic variation in vasoactive and angiogenic factors in development of Retinopathy under Srimanta Sankaradeva University of Health Sciences (new approved projects)

Our Services

B-Scan Ultrasonography

Glaucoma Service - Perimetry

Orthoptic Clinic

Academics & Research

Conferences / CMEs / Seminars / Training / Academic Programmes attended by Consultants of SSN

- 8 Consultants participated in the Annual Conference of All India Ophthalmological Society in Kolkata
- 2 Consultants underwent short term Observership programme at John Hopkins Eye Institute, USA
- 2 Consultants attended the annual conference of World Ophthalmological Congress, Guadalajara, Mexico
- 1 Consultant attended the EURETINA Congress in Denmark
- 2 Consultants attended the XXVII annual meeting of Oculoplastics Association of India in Vadodara, Gujarat
- 2 Consultants attended the American Academy of Ophthalmology Congress as Senior Instructor and Instructor respectively
- 2 Consultants attended the NUH Eye International Congress 2016 in Singapore
- 1 Consultant attended the annual meeting of Uveitis Society of India in Colombo, Sri Lanka
- 1 Consultant attended the 12th Annual Conference of VISION 2020 and the joint conference of AAPOS & SPOSI in Jaipur
- 1 Consultant attended an International Conference in Japan

Academic and Training programmes conducted by SSN (Apr'14 – Dec'16)

- CME on Pearls of Optical Dispensing
- Workshop on Ophthalmic Nursing
- Workshop on Diabetic Retinopathy
- CME on Anti VEGF Retinal Diseases
- CME on Microvascular Diseases of Retina
- CME on Optic Canal Decompression
- Symposium on Endophthalmitis
- Workshop on Congenital Ptosis
- Guest lecture on 'FAI insert in Posterior Uveitis'.
- Guest lecture on 'Uveitis Entities : One Should Not Miss'.
- Guest lecture on 'Genetic Sequencing'.

- 9th Annual Conference of Ocular Trauma Society of India under the aegis of Ophthalmological Society of Assam
- Regional CME of Uveitis Society of India
- Certificate course in Evidence based management of Diabetic Retinopathy (CCDR) in collaboration with Public Health Foundation of India (PHFI)
- Guest lecture on 'Practice development in accounts with Laser Guided Cataract Surgery'
- Guest lecture on 'Nextgen sequencing application in basic and translational medicine'
- Guest lecture on 'Genomics in Ophthalmology with special reference to Diabetic Retinopathy'
- Training programme on 'Neuro vision technology and training the brain to see better'
- Enrollment of students for the B.Sc Optometry and Diploma in Paramedical Ophthalmic Assistance & Ophthalmic Nursing course
- Internship training programme for the final year B.Sc. Optometry students
- Selection of candidates for Fellowship programme in various subspecialities of Ophthalmology
- Short-term hands-on training programmes for Small Incision Cataract Surgery and Phacoemulsification
- Award of scholarships, funded by Oil India Limited and Luxmi Tea Company to 8 meritorious students of B.Sc. Optometry course
- Guest lecture on 'Genetic Sequencing'
- Guest lecture on 'Practice development in accounts with Laser Guided Cataract Surgery'
- Guest lecture on 'Nextgen sequencing application in basic and translational medicine'
- Guest lecture on 'Genomics in Ophthalmology with special reference to Diabetic Retinopathy'
- Training programme on 'Neuro vision technology and training the brain to see better'
- Enrollment of students for the B.Sc Optometry and Diploma in Paramedical Ophthalmic Assistant & Ophthalmic Nursing course
- Internship training programme for the final year B.Sc. Optometry students
- Selection of candidates for Fellowship programme in various subspecialities of Ophthalmology
